BECAINA · Your mountain retreat New development in Canillo · Private terraces · Panoramic views · Parking and storage unit included. Discover BECAINA, a new residential development in Canillo designed for those seeking to combine nature, comfort, and quality of life in one of Andorra's most privileged settings. Located just 5 minutes from the Canillo gondola and the ski slopes, BECAINA offers the tranquility of mountain living without sacrificing the convenience of having all services and activities within easy reach. The development consists of three buildings featuring contemporary architecture and homes ranging from 1 to 3 bedrooms, designed to suit a primary residence, a holiday home, or a high-potential investment. Spaces designed for enjoyment The homes have been planned to maximize natural light and the stunning views of the valley and mountains. Large windows, spacious terraces, and functional layouts create bright, welcoming spaces that connect seamlessly with the landscape. Every detail has been considered to offer a comfortable, modern living experience, featuring contemporary finishes and quality materials. A property to enjoy today and value tomorrow. BECAINA is much more than just a home: it is the chance to enjoy the mountains year-round, own a retreat for getaways, or make an investment in a location with strong residential and tourist appeal. All homes include the following in the price: * Parking space * Storage unit Key features * New development * Contemporary architecture * 1 to 3-bedroom homes * Private terraces * Panoramic views of the valley and mountains * Just 5 minutes from the Canillo gondola * Parking and storage unit included * Modern, high-quality finishes * Ideal as a primary residence, holiday home, or investment * Block A: scheduled for completion in late 2028
